MEET YOUR VASTU EXPERT

Krutika Hinge, a visionary Astro Vastu Consultant whose life-long dance with the cosmos has led her to master the art of Vastu Shastra. Born into a Vedic household, Krutika has always been captivated by the profound impact of energies and planetary alignments on our lives. Her journey isn't just about creating functional and aesthetic spaces; it's about imbuing your learning environment with a balance of energy that catalyzes health, wealth, and happiness.

With over a decade of experience as Interior Designer Tarot, Astrology, and Vastu, and an MD in Alternative Medicines, Krutika isn't just an educator; she's a guide to unlocking your full potential in personal, professional, and spiritual growth. As you embark on your architectural path, let Krutika show you how the right space and energy can transform your creative journey and life.

“ SHE IS ON A MISSION ”

to empower business owners and working professionals to create spaces that radiate happiness, balance, and creativity. Her mission is to nurture a new era of professionals who excel in merging aesthetic beauty with the positive energy of Vastu, transforming every environment they touch.”

REMEDIAL STRATEGIES

- Heating, air conditioning and ventilation systems should be kept clean and regularly maintained. HVAC system may need to have the ventilation rates increased.
- Try to ensure access to natural sunlight and opening windows for ventilation
- Air filters may need to have more frequent replacement
- All chemicals should be properly stored and only used with proper ventilation.
- Regular cleaning of soft furnishings to avoid the built up of dust and dust mites
- Sources of pollution should be eliminated or relocated to a place where there are fewer people. For example, the removal of photocopiers from busy work areas
- Smoking Restrictions. Where smoking indoors is permitted, extractors should be used to direct the smoke outside the building

AURA VASTU

"The cosmos is within us, we're made of star stuff. We are a way for the cosmos to know itself."
Carl Sagan

Everything is energy and that's all there is to it. Match the frequency of the reality you want, and you cannot help but get that reality, it can be no other way. This is not philosophy, this is physics.
Albert Einstein - 1879-1955 - Theoretical Physicist
